

WE Grundrenser

Surface Cleaner

- ▲ Suitable for removal of heavy dirt and polishcoating
- ▲ Ideal for removing polish
- ▲ Suitable for both manual and machinery use

USE INSTRUCTIONS

WE grundrenser is for periodical use and removal of all normal or heavily soiled surfaces that can resist both water and middlestrong alkali.

WE grundrenser can be used for all methods and tools. After cleaning Rinse / Dry.

NOTE: WE grundrenser is not suitable for surfaces where you want a high gloss preserved. If there are any doubts to wheather the surface withstands alkali then please try the product on a small area before use.

At polish removal the cleaning solution is spread in an appropriate section. Let it affect 5 to 15 minutes. Then the floor is scrubbed - best with machine. The solution should not dry. Remove the dirty solution and wash (neutralization) with pure water.

RECOMMENDED DOSAGE

Normal Dosage: 70 ml per. 10 l water.
Polish Removal: 2-10 dl 10 per. 10 l water.
